International Delivery

Important information about International shipments

International Courier orders are traceable with a tracking number we send out to you. The delivery of airmail while Australian tax (G.S.T.) is removed from all international orders please be aware that your order may be subject to local Customs duties and/or local taxes in the country of destination. Please check with your local authority to ascertain applicable rates. Any additional charge must be borne by the recipient.

International Orders - Additional Identification

Some international orders may require additional identification before being processed. The transmission of this information to our shop may affect estimated delivery times.

Customs and International Duty

International delivery may be subject to local Customs levies. Please check with your local authority to ascertain applicable rates. Additional charges must be borne by the purchaser.

International Delivery

prices are different to individual countries. (See website)
